### DETAILED ACTION

This Office action is responsive to the amendment filed on September 27, 2004.

1. Claims 1 and 2-7 are allowed and renumbered as 1, 5, 6, and 2-4, respectively.
2. The following is an examiner's statement of reasons for allowance: the prior art taken either singly or in combination fails to anticipate or fairly suggest, among others, at least: a) the neutral region for suppressing adjusting threshold voltage of the second MOSFET by the adjusted bias voltage, and applying suppressed voltage to suppress the threshold voltage to the neutral region, as recited in claim 1; and b) the adjusted bias voltage selectively adjusting the first MOSFET formed of the fully depleted SOI independently from the second MOSFET formed of the partially depleted SOI, as recited in claim 7.

Since claims 5-6 and 3-4 depend on claim 1 and claim 7, respectively, they are also allowed.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Luan Thai whose telephone number is 571-272-1935. The examiner can normally be reached on 6:45 AM - 4:15 PM, Monday to Friday.
